

The Judges Competency Framework (JCF)

Kennel Club Breed Education Co-ordinator (BEC)

The Kennel Club has written to all breed clubs and councils to ask them to appoint a Breed Education Coordinator (BEC) by 1st June 2018. Below is an explanation of what skills are required. Please note this will be a voluntary position but expenses will be covered by each of the four UK Irish Wolfhound Clubs/Societies. If you are interested in taking on this position please send a CV to Mrs Debbie Treadwell to reach her not later than 16th April 2018

A KC Breed Education Co-ordinator (known as the BEC) is an administrative role to coordinate all points of breed specific education and support for judges. This coordinating role is held on behalf of all the Irish Wolfhound clubs in order to support the breed club obligations under the Judges Competency Framework (JCF) for the education and training of judges.

The BEC is, therefore, someone who will work with the breed clubs to promote JCF Level 1 – 3 judges who wish to progress through the breed specific judging levels with the purpose of helping the judge to identify opportunities for them to enhance their knowledge of the breed right through to achieving JCF Level 4. If the identified educational opportunities are effective, the KC BEC (working with the breed clubs) will be able to contribute to providing the necessary training opportunities for the judge to progress

The BEC will need to co-ordinate all of the educational and judges development opportunities on behalf of the breed clubs. This is an important administrative role and will encompass managing the information for the breed clubs in all breed educational opportunities, ie including Breed Appreciation Days and Multiple-choice Breed Standard Exam, mentors, observers, as well as the subsequent assessors and exhibits for the KC organised Breed Competence Assessments.

The BEC's role is not intended to remove the responsibility for a judge's education process from the breed clubs. As stated the BEC is a key co-ordinating role on behalf of the breed clubs in order to support the breed club obligations under the JCF for the education and training of judges.
